ToooAir PTT Application Installation Guide

ToooAir Push to Talk application installation guide is an in-depth guide to the installation of the application on an Android smartphone.

Note;

The instructions may vary depending on the android device and operating system installed on your computer and device. These instructions were produced from a Windows 10 computer and a Galaxy S8 android device.

1.0 Download

Download the ToooAir PTT Android APK from our website; http://www.toooair.com.au/Resources.aspx

Accept and download if prompted.

Get the App

ToooAir PTT Android APK

2.0 Transfer

First connect your android device to your computer via the USB cable. The computer will start downloading drivers automatically to access your android device, once finished your device should appear in the windows explorer next to your C:\ drive.

A De This DC		5,50				a la Comb The O
← → ↓ ↑ → ↓ ∩ S > 1 ∩ S PC ★ Quick access	~ Folde	ers (7)				Search In D
늘 Desktop 洟 Downloads	A A	3D Objects	Desktop	Documents	Downloads	Music
 Documents My Drive H\ 	* *	Pictures	Videos			
 Office Google Drive File Stream (G:) 	∲ ∨ Devi	ces and drives (3)	Windows (C:)	Google Drive File Stream		
Radio Dat Resized	~ Netw	vork locations (1)	42.8 GB free of 118 GB			

Navigate through your android device to a location you would like to save the APK. I recommend the Download folder example *"This PC\Galaxy S8\Phone\Download"*.

App Installation Guide

Once the application has finished downloading, locate the downloaded APK. By default, it's *"C:\Users\YourAccount\Downloads"*. Or you can open the folder by right clicking the download and selecting "Show in folder".

Once navigated to the APK right click copy

Name	Date modified	Туре	Size
ToooAir_v_6.8.8.apk	2/11/2018 8:36 AM	APK File	20,526 KE
	Open with 7-Zip CRC SHA CRC SHA CRC SHA 2015 CRC SHA 2015 CRC SHA CRC SHA C		

Now that you have copied the APK navigate back to your android device and the location inside the device you would like to place the APK. I'd recommend *"This PC\Galaxy S8\Phone\Download"*. Right click paste to move the APK to your android.

Once finished copying you can disconnect device and start the installation.

App Installation Guide

3.0 Installation

Depending on the version of your android device settings may vary. Navigate through your android device until you find "Internal Storage" or "My Files".

Continue into the device's storage until you navigate to the APK

Tap the ToooAir APK to start the installation, if you haven't installed from an unknown source before you will need to enable "unknown sources".

Skip if enabled

Allow access from unknown sources, enable installation of non-Google Play applications.

- 3.1 From home, swipe up to access **Apps**.
- 3.2 Tap Settings > Lock screen and security > Unknown sources to enable this option.

Accept and install the ToooAir application, once finished installation select open. After the app has loaded, it will prompt for permissions please allow access for all features and permissions.
