## PoCkit Radio

TA-100

**No monthly fees.  
No complicated setup.  
No frequency licencing  
Just pure, seamless  
connectivity.**

**Ultra-slim and pocket sized,  
the TA-100 isn't just compact,  
it's powerful.**

This sleek two-way radio delivers **nationwide communication** across Australia\*, connecting **unlimited users and groups** with crystal-clear voice quality and unmatched ease.

Each TA-100 includes **2 years of built-in airtime**, offering businesses and teams a hassle-free, administration-free solution right out of the box.

Whether you're managing logistics, coordinating events, or enhancing safety in the field, the TA-100 **PoCkit** brings a new level of efficiency and mobility to your team.

**This is not just another radio, it's the  
future of Two-Way Communication.**

\*Coverage dependent on available mobile network.

# PoCkit Radio

## One Radio. Two Powerful Modes.

The **TA-100 PoCkit** is a true hybrid, combining the familiarity of CB radio with the performance of commercial-grade two-way communication, all in one ultra-compact device.

### CBR Mode Community Band Radio

Connect to any of **200 open channels** and communicate with anyone on the same channel, just like a traditional CB radio **but with Australia-wide coverage.**

Perfect for:

- 4x4 Adventure Clubs
- School Excursions
- Sports & Outdoor Events
- Hiking & Bushwalking Groups
- Caravan & Camping

### PMR Mode Private Mobile Radio

Communication in a **closed private fleet** configuration and the PoCkit functions just like a commercial two-way radio, complete with **encrypted audio and group privacy.**

Ideal for:

- Construction & Civil Sites
- Stop/Go Traffic Control
- Retail and Hospitality
- Security Teams
- Event coordination

### Simple. Smart.

- No frequency licence required
- No ongoing airtime charges (2 years built-in) Top-up available
- No infrastructure to maintain
- Register and you're live, it's that easy
- Advanced Digital PoC Technology harnesses the latest in Push-to-Talk over Cellular (PoC) innovation, enabling instant One-to-One and One-to-Many communication across any distance with cellular coverage.

When registering the TA-100, selection is either in open CBR mode or PMR closed private fleet mode and cannot be switched from one mode to another. Additional units can always be added to either configuration.

\*Coverage dependent on available mobile network.

### Key Features include:

**Australia-Wide Coverage\***  
via PTTToC (Push-To-Talk over Cellular)

**Calling Name Display**  
Identify who is talking

**Two-Year Unlimited Airtime**
