Camera

Dedicated PTT,
Camera, SOS and
Programmable
button

Sturdy but sleek, enhanced for PTT Two Way communication. The TE-590 incorporates the intelligence of a smartphone with rugged protection conforming to IP68 and MIL810G standards.

Ideally suited for the Security, Utilities/Facility, Logistics, Healthcare and service industries, the TE-590 is a powerful all in one device consisting of technologies such as push to talk tactile side button, Bluetooth, WiFi, 4G, GPS, SOS, NFC, Camera, 3.5" HD touch screen with USB C charging. The smartphone can handle water depths of 1.5m for 30 minutes and drops up to 1.5m! The TE-590 empowered by the ToooAir platform offers a one stop solution for Two Way communication and other applications.

TE-590 can be used as a smartphone or a Two Way radio with ToooAir's powerful management platform. The device can be locked down to even a single application to prevent unwanted access of other applications.
