ToooAir Wide Area Dispatcher Install Guide Version 1.6.13

Minimum System requirements:

Windows XP, 7, 8, 10

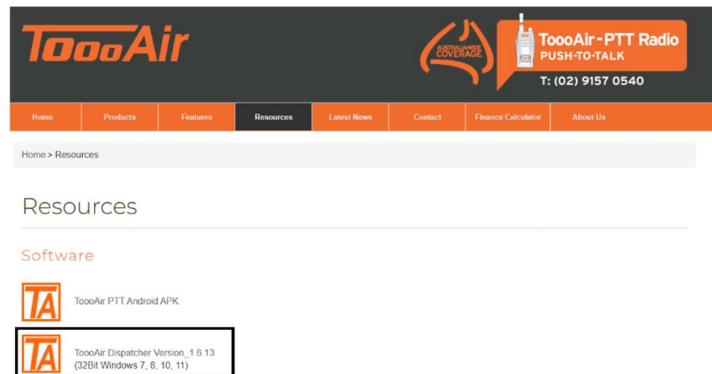

CPU: Intel Celeron N4000 1.1 GHz (or equivalent)

RAM: 2 GB

Storage: 5 GB (Install 150MB)

Internet: ADSL 2+

1. Navigate to the TooAir Resources section of the website
<https://www.toooair.com.au/Resources> and download the dispatcher software by clicking **on the words "TooAir Dispatcher 1.6.13"**

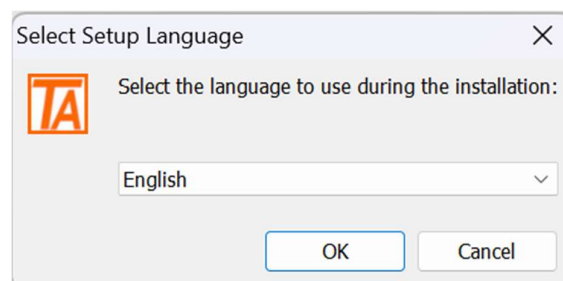

The Dispatcher software should begin downloading.

2. Once Download has finished, then either: -
 - a. Click the TooAir Wide Area Dispatcher.exe application to begin installation
 - b. **OR** Navigate to your "Downloads" folder and run the .exe by double clicking the TooAir Wide Area.exe application.

3. You will be prompted by "User Account Control" – Do you want to allow this app from an unknown publisher" Click "Yes"

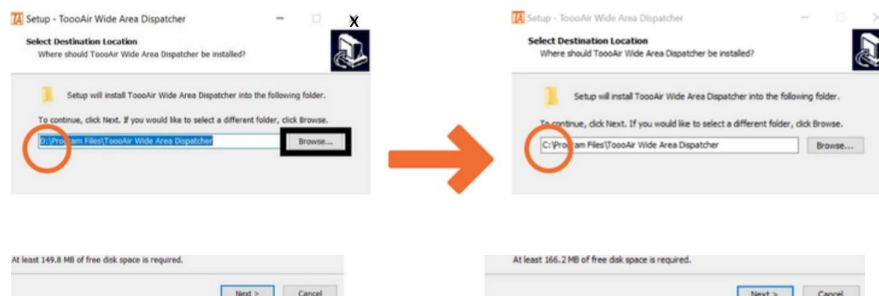

4. Select a language and click "OK"

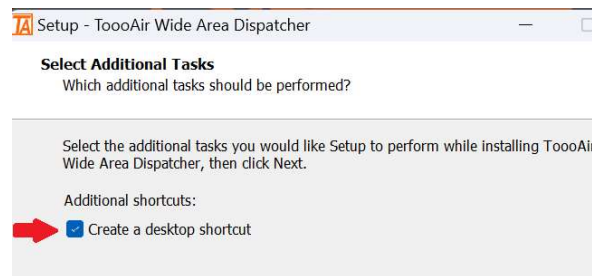

5. Click "Browse" and select a directory to install the software into, the recommended default is: C:\Program Files\ToooAir Wide Area Dispatcher and click "Next"

Please note: If you do not have a D: the default, the save path will not work and should be changed to C:

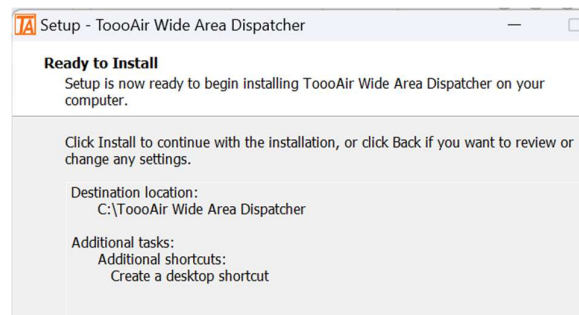

6. Ensure a shortcut is created for the dispatcher, this will be useful for running the application later.

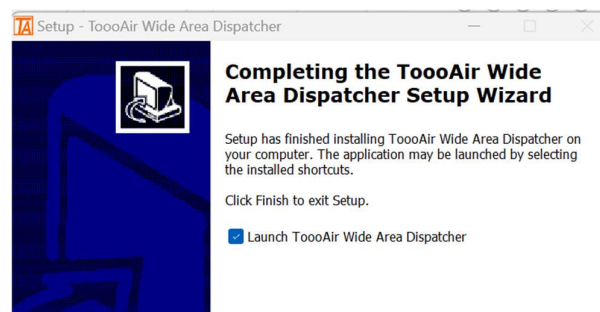

Tick Additional Shortcuts (See Arrow)

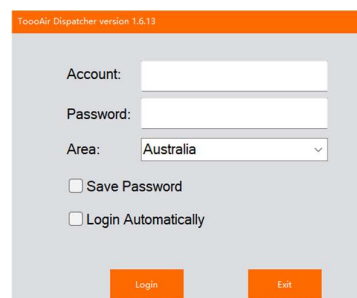

and then Click "Next"

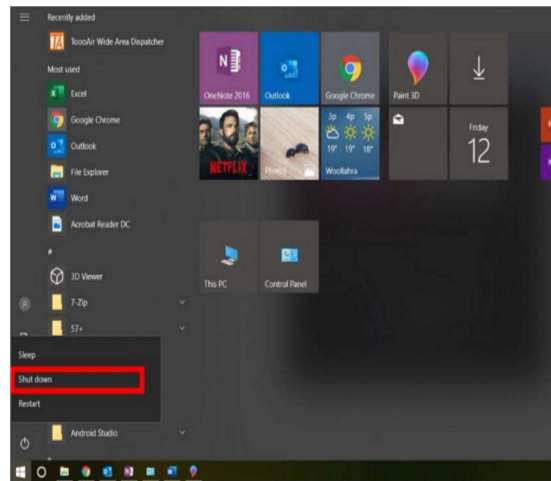

Click "Install" - The PC will install the software which on completion will show:

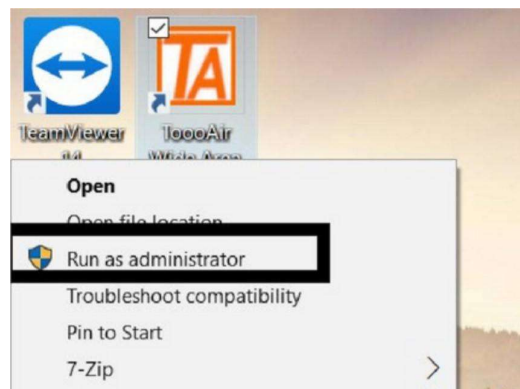

7. Click "Finish" – the system will then show a ToooAir Dispatcher Log in page.

8. Ignore the Dispatcher login and in order to complete the install, Perform a full system shutdown, by navigating to your Start menu and select "Shut down" *Please do not do a Restart*

9. Once you have powered on the machine, right click on the Dispatcher shortcut and select "Run as administrator"

10. Enter dispatcher account details (type in the Account and Password provided by ToooAir). Click "Login"

A screenshot of the 'ToooAir Dispatcher version 1.6.13' login window. It features a light gray background with an orange header bar. The form includes fields for 'Account:', 'Password:', and 'Area:' (with a dropdown menu currently showing 'Australia'). Below these are two checkboxes: 'Save Password' and 'Login Automatically'. At the bottom, there are two orange buttons labeled 'Login' and 'Exit'.

By following the above steps, you will have successfully installed the latest ToooAir dispatcher, if you are still having issues or unable to install the software, please contact ToooAir via email:
